VECTOR BLACK

GENERAL

Vector Black is the latest addition to our Vector console line. It combines the features of the Vector platform with compact simplicity and flexibility. The console utilizes the latest advances in green, low-power consumption technologies while delivering unmatched performance, advanced functionality, and enhanced programming facilities in a richly designed, slim, compact format.

Vector Black is available in two configurations:

Ultra Black - Portable unit with integrated 15.6" TFT HD touch monitor and one external display port.

Black - "Stand Alone" with two external monitor ports.

Both configurations have external USB ports for external touch monitors. They are both also compatible with all Vector consoles and can be used as tracking back up.

APPLICATIONS

- Theatre
- Television Studios
- Touring
- Theme Parks/ Architectural
- Houses of Worship
- Corporate Events/ Trade Shows
- Cruise Ships
- Clubs

FEATURES
