

# STREAMLINE DUO

A brand new patented universal aluminium step profile with anti-slip insert and dual LED illumination. This profile has no visible screw holes. The end caps of the profile are adjustable. This unique function is extremely useful when steps were wrongly measured and/or their length differs. Often the ability to extend profile by the 3cm is the only way to finish project on time and without additional costs.

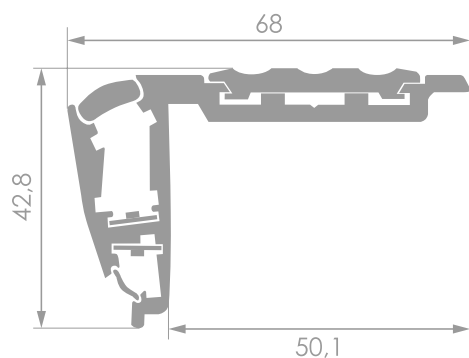

## Technical data

Material	aluminium
Profile colour	black, silver
Profile variant	- with row marker - without row marker
LedFLEX lighting	- 30 LED/m - 60 LED/m - 120 LED/m
Colours	- transparent - opal - blue - red - orange - any colour from RAL palette - RGB
Input voltage	12V or 24V
Power	4,8 W/m; 7,2 W/m; 9,6 W/m
Control	DALI, KNX, DMX, Smartphone

- Dual LED illumination
- Easy installation - just add screws or adhesive
- Can be installed on carpeted steps
- Adjustable end caps
- No visible LED points
- No visible screw holes
