emotion and creativity in light

- Same light output of traditional Citycolor
  - 1/3 of its power consumption
  - 1/3 of its weight
- Up to 65° wide beam angle
  - Small and lightweight

The CITYCOLOR LED is a high powerful LED lighting fixture, designed with unique features and is available in RGBW/full color version.

The product is suitable for applications where a powerful and large light output is required. With more than 40.000 lumens the compact CITYCOLOR LED is particularly useful for lighting hire companies for use on tours, festivals, large events, in theatres and for film and TV studios productions. The product incorporates all the features of its historically famous predecessor, the CITYCOLOR, but has several key advantages due to the cutting edge "Flicker Free on camera" LED technology and renewed streamlined aesthetics.

- Standard fixture colour finishing is black. Optional grey and white (art. FX-COLOUR).
